IC 4-22-2.5-3.1(c) requires an agency to conduct a review to consider whether there are alternative methods of achieving the purpose of the rule that are less costly or less intrusive, or that would minimize the economic impact of the proposed rule on small business.

Description of Rule:

The Executive Board may adopt reasonable rules on behalf of the Indiana State Department of Health (ISDH) to protect or to improve the public health in Indiana. This particular rule requires a person to have a valid construction permit before they construct, install or modify any agricultural labor camps; child caring institutions, day nurseries and children's group homes; mobile home parks; recreational vehicle campgrounds; schools and youth camps.
